

les moments

perfect blend of hospitality, relaxation, and culinary delight

Welcome amidst the enchanting hills and lush landscapes of the Dordogne.

Here, surrounded by forests, castles, and picturesque villages, you will find my charming gîte, my thriving massage treatment practice, and my kitchen where I create culinary delights.

But there is more...

Because I also massage and cook in unique locations. Further on, you can read all about this.

AUTHENTIC DORDOGNE CHARM

The romantic gîte in the characteristic Dordogne style provides an authentic and atmospheric ambiance. The interior is enriched with furniture found at local brocantes and vide-greniers.

The gîte features a living/sleeping area, a fully equipped kitchen, a bathroom, and a loft with two single beds. In the private garden, you'll find shady spots, an outdoor shower, comfortable loungers, and a heated jacuzzi for relaxing evenings under the starry sky.

REVITALIZE AND RELAX MESSAGES

As a professional masseuse with over 25 years of experience, I run my own massage treatment salon on the estate. My massages help to relieve built-up tension, reduce stress, and improve overall well-being.

With careful techniques and deep knowledge of the body, I provide a perfectly balanced massage that offers both relief and comfort.

UNWIND AT UNIQUE PLACES

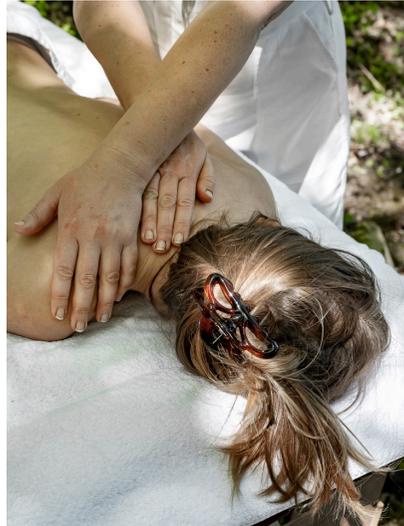

I also offer massages at campsites and other accommodations, such as glampings, boutique hotels, and vacation villas.

And, I provide massages at unique locations. Imagine a relaxing massage under a canopy of leaves in the forest, by the edge of a beautiful lake, or in a secluded field in nature.

These exceptional experiences make relaxation complete and connect you with the soothing beauty of Mother Nature.

UNFORGETTABLE DINING EXPERIENCES

I also have a great passion for cooking. For my guests in the gîte, I prepare delicious meals using the best local and fresh products from the market.

I also offer my culinary services on location. For example, for guests of other accommodations who would like an evening of culinary surprise, or I organize a romantic dinner for two at a unique location.

Think beautifully styled tables full of delicious dishes. I provide an unforgettable culinary experience.
